Amy VanDenburgh*

Please let me take this opportunity to give you my most favorable recommendation for the Vote-PAD Inc. organization and its product the VotePAD.

I have participated in a hands-on demonstration of the VotePAD product with 10 of my fellow clients at the Bucks County Association for the Blind and Visually Impaired (BCABVI). I have a 25-year background in Managing and Training all levels of computer personnel. I used my developed career skills to analyze what I was experiencing and to observe my fellow clients reactions to the training and use of this product. We were all favorably impressed with the easy to understand training instructions and the independence we experienced in completing the voting form.

I am very enthusiastic about your product and hope that it will be accepted for use in our upcoming elections.

Sincerely,

Alvin C. Blazik
Vice President Board of Directors
Bucks County Association for the Blind And Visually Impaired
